

SUMMER CAMP 2019

THERE WILL BE NO CAMP ON JULY 3rd, 4th, and 5th (That week, camp will cost \$100 for two days)

Sunny Days Camp

June 17-July 12

For: Rising PK-2nd Gr. 7:30am-3:00pm \$250/week Facilitators: Ms. Buzing & Ms. Kathy

Camp includes painting, drawing, sports, reading, games, cooking, and Spanish. Your child will be supported in a fun and educational environment where they will have an opportunity to practice their favorite school activities.

Math Camp

June 17-28

For: Rising 2nd-7th Gr. 9:00am-3:00pm \$250/week Facilitators: Mr. Gever & Mr. Hahnfeld

Review learned math concepts and prepare for next school year. In addition, we play math games, puzzles, chess, Connect 4, SET and other games. We practice mental math, review/preview arithmetic facts, and apply math to real life situations. All this in a fun way.

Sports Camp

June 24- 28 (Basketball) July 1-2 (Variety) July 8 – 12 (Volleyball)

For: Rising 3rd-8th Gr. 7:30am-3:30pm \$250/week Facilitators: Coach Mark Daniel

The Antilles School Athletic Department is offering a developmental camp where kids will learn the basics in basketball and volleyball in an exciting and enjoyable manner. Our young athletes will experience growth through drills, games and other challenging activities that will sharpen their fundamental basketball and volleyball skills. They will also work on character development as we focus on the importance of a positive attitude, teamwork and sportsmanship. It is our goal to help each child develop athletically but also as individuals.

Back to School Camp

July 29-August 16

For: Rising K-6th Gr. 8:00am-3:00pm \$250/week Facilitators: Ms. Howe/ Ms. Rodriguez/ Ms. Scholes

Kids will have a blast with fun-filled days of playing and socializing, while still preparing for school to start! Camp will be set up on a schedule to help children re-adjust to the school routine. Activities throughout the day will include light academics, sports, and play. Although this is not a remedial camp, some skill practice will be incorporated. Games will review math facts and some basic math concepts. Literacy skills will be included as we read, and then write about books. Many books will be available for reading, or bring one from home.
